

Please do not expand the LPFM stations. I do not want K-LOVE to go off the air. K-LOVE provides great, positive Christian music that my whole family enjoys. Even my 3 & a half year old sings to the music. I do not have to worry about commercials or lyrics that oppose my family's values or are offensive to us. Anytime, I need an uplift or some encouragement or I just want to enjoy some great music, I turn on K-LOVE. K-LOVE is the ONLY radio station that I ever listen to.

K-LOVE has a tremendous impact on the whole Denver area. My friends all listen to K-LOVE as well as the store where I buy my children's clothes. It is great to walk into the store and hear the same great song I was just listening to in my car. Also, anytime there is a concert or other Christian event going on in this area, K-LOVE lets us know. There are so many K-LOVE listeners that spreading the news through K-LOVE benefits the event and the people who want to attend the event because so many people come.

K-LOVE is great at keeping us informed of current events around the world. This is so important. The best part is we are not bombarded with constant bad news and negative events. K-LOVE tells us about positive events as well. I love that because we will never hear those types of things from the media. K-LOVE also has many help lines that anybody can call if they are in trouble, need some kind of help, need somebody to pray for them, or just need someone to talk to. K-LOVE brings hope and help to our entire nation. They are there to serve and they are just what they say, "positive, encouraging, K-LOVE!"
